CHIEV SUPER GLOSS ENAMEL PAINT
(Cat kayu dan besi untuk Interior & Exterior)

CHIEV SUPER GLOSS ENAMEL PAINT adalah cat solvent-based yang terbuat dari alkyd resin sintesis murni sehingga mempunyai kualitas yang prima. Dapat diaplikasikan pada permukaan kayu, besi, logam, dan berbagai konstruksi baja. Memiliki teknologi kilap tinggi (high gloss), tahan terhadap cuaca, cepat kering dan ringan pengerjaannya.

ATURAN PAKAI :

1. Bersihkan permukaan yang akan di cat dari kotoran, lemak, dan debu.
2. Aduklah hingga rata sebelum pemakaian.
3. Tambahkan pengencer thinner atau turpentine bila diperlukan.
4. Aplikasikan dengan kuas, roll, ataupun spray.
5. Pastikan lapisan cat kering sebelum melanjutkan lapisan berikutnya.

Catatan :

Untuk hasil yang optimal pada permukaan logam, lapis cat dasar CHIEV Zinc Chromate sebelum mengaplikasikan CHIEV SUPER GLOSS ENAMEL PAINT.

Informasi Keselamatan, Kesehatan Kerja, dan Lingkungan Hidup :

- Jauhkan cat dari jangkauan anak-anak, dan hindari penyimpanan cat dekat makanan dan minuman.
- Jangan mengaduk cat secara langsung dengan menggunakan tangan, bersihkan apabila terkena percikan cat dengan sabun atau pembersih yang sesuai.
- Gunakan kaca pelindung selama aplikasi cat.
- Saat pemindahan cat, pastikanlah permukaan cat tertutup dengan rapat dan kuat dengan posisi berdiri.
- Pastikan sirkulasi di dalam ruangan yang cukup sewaktu pengecatan.
- Simpan di tempat yang kering dan sejuk.

CHIEV SUPER GLOSS ENAMEL PAINT
(Wood and Metal Paint For Interior & Exterior Use)

CHIEV SUPER GLOSS ENAMEL PAINT is a solvent-based paint from pure synthetic alkyd resins which has a fine quality. Applicable on the wooden surfaces, steel, or any metal construction surfaces. Easy to apply, quick dry, weather resistant, and high gloss property.

Direction For Use :

1. Clean the surface to be painted from dirt, grease and dust.
2. Stir content thoroughly before use.
3. Thin with paint thinner or turpentine if necessary.
4. Apply by brush, roller, or spray.
5. Make sure the surface is dry before adding the new layer.

Note :

For optimum result on the metal surface, apply CHIEV Zinc Chromate as a primer before adding CHIEV SUPER GLOSS ENAMEL PAINT.

Informasi Keselamatan, Kesehatan Kerja, dan Lingkungan Hidup :

- Keep the paint away from children, and avoid storage near food or beverages.
- Do not stir the paint using your bare hands, in case if contacts with bare skin, clean it with soap or the proper cleaner.
- Wear eye protection during application. While transporting the paint, care must be taken.
- Keep the container in a secure up-right position.
- Make sure the air circulation is well during painting, and store the container in a dry cool place

Feel **NEUTRAL**
The color of the earth is associated with the material side of life
People who prefer neutral colours are often conventional and orderly

Tickled **RED**
Red is the colour of prosperity and joy
Feng Shui recommends painting the front door of a home red to invite prosperity to the residents
